The free version lets you download and play the game for free. However, no further downloads are allowed. If you want to download additional content,. Full Version. Also, did you notice all of those ads? No offense, but most people who do this for a living would rather put the money to better game development than putting out these kinds of thing. Also, the gameplay itself isn't even that solid, I was expecting much more. There's a bit of a gameplay design flaw, and this will get repeated throughout the series. Even if you really like the genre, don't waste your money on Prison Tycoon 1 or 2, the game itself is pretty lacking and doesn't hold the player's hand too well
